EDUCATION

B.Tech in Information Technology	2023 – 2027
Bhagwan Parshuram Institute of Technology, GGSIPU	CGPA: 8.19
Class XII (CBSE)	2023
Maharaja Agrasen Model School	91.2%
Class X (CBSE)	2021
Maharaja Agrasen Model School	93.6%

PROJECTS

MindCare – Mental Health Check-In Platform — React.js, JavaScript, HTML, CSS

- Developed a healthcare-focused web application that enables users to track daily mood, stress levels, and emotional well-being through interactive self-assessment check-ins
- Built reusable React components and implemented state management using React Hooks (useState, useEffect) for dynamic user interactions
- Designed mood analytics dashboard with graphical trend visualization to help users identify emotional patterns over time
- Implemented symptom tracking, personalized wellness recommendations, and daily self-care activity suggestions based on user responses
- Created a responsive and accessible user interface optimized for desktop and mobile devices using modern CSS practices
- Utilized local storage for persistent health data management and improved user experience through seamless navigation and real-time updates

SKILLS

Programming: Java, JavaScript, HTML, CSS

Core Subjects: Data Structures & Algorithms, OOPs, DBMS, SQL, Operating Systems, Computer Networks

Frontend: React Basics, Responsive Web Design, DOM Manipulation

Tools: Git, GitHub, VS Code, MySQL

Soft Skills: Problem Solving, Communication, Team Collaboration, Analytical Thinking

ACHIEVEMENTS & ACTIVITIES

GirlScript Summer of Code (GSSoC) Participant

- Selected as a participant in GirlScript Summer of Code, an open-source contribution program
- Explored GitHub collaboration workflows, issue tracking, and open-source development practices

CERTIFICATIONS

DSA in Java + System Design	Coding Blocks
Web Development (MERN Stack)	Ongoing
Google Generative AI Intensive Workshop (5-Day Program)	— Completed, 2026
